SOLO BLACK 935

Comfort

Thin & flexible glove with a good sensitivity at fingertips, that optimises comfort and dexterity.

Beaded cuff for easy donning.

Quality

Good balance of nitrile and vinyl allows optimal protection.

Dark colour

Black helps to identify potentially unsafe light-coloured substances, and limits the visibility of stains.

Skin protection

Latex free to reduce allergy risk.

Powder free treatment.

Food contact compliant

Suitable for all type of food handling except fatty food

in accordance with the European Regulation 1935/2004/EC and with the Comission Regulation N°10/2011/EU on plastics materials.
